

# Order your 2009/10 School Supplies

Don't be late! Order Now!! Prices will increase after the May 15<sup>th</sup> deadline!! Wilchester PTA is offering pre-paid school supplies for students for next year. By purchasing in advance, your child's supplies will be in their classroom on the first day of school. We strive to have all the students ready to learn with the supplies their teacher has requested. The supplies are superior quality that match Wilchester's instructional program. We order supplies in large quantities at tax-free discount prices (once a year) that we are able to pass on to you! The school agendas (2<sup>nd</sup>-5<sup>th</sup> grades) will be purchased directly by our PTA this year.

Please note PTA does not make any profit from the school supplies orders. It's a service we offer to save the parents and teachers some time, money and trouble. Supply costs differ across the grades based on the supplies the teachers have selected for next year's curriculum. We work very hard to keep costs down and provide the items needed for each child's success next year.

**Take advantage of this stress free and tax-free\* service!**
